FRANCE IS OFFENDED

SEVERES ALL DIPLOMATIC RELATIONS WITH THE REPUBLIC OF VENEZUELA.

SITUATION VERY UNPLEASANT

SERIOUS CONSEQUENCES LIKELY TO FOLLOW ESTRANGEMENT OF TWO NATIONS.

Washington, Jan. 13.—The state department has been advised that cable communication with Venezuela has been interrupted.

Washington, Jan. 13.—Although the present breach in the diplomatic relations between France and Venezuela is technically chargeable against the personality of M. Taigny, the French charge at Caracas, the real issue, as it is understood here, was an attack by President Castro upon the properties and franchise of the French Cable company. The president asserted that the cable company had lent active assistance to the Matos rebellion. Therefore he began proceedings in the Venezuelan courts against the company on that score and also complained that the company had violated the terms of its concession in not laying certain coast lines of cable, especially as in crossing the island of Santo Domingo the land wires were subject to frequent interruption in times of rebellion on that island. The courts sustained the president's view and in fact practically took possession of the company's offices at certain points, when the French government intervened. In the absence of the regular minister, M. Taigny presented a written protest to President Castro, who regarded this note as insulting to his government and refused to have anything to do with M. Taigny. But the French government declared that M. Taigny in his presentment had followed precisely the instructions of his foreign office.

American Minister Intervened.

At this point, Mr. Russell, the American minister at Caracas, intervened in the interest of peace and after many exchanges it was believed he had finally succeeded. But while he induced President Castro to withdraw a note refusing to do business with M. Taigny, which the French government regarded as offensive, he could not prevail upon President Castro to resume his official relations with the French charge. The climax came on new year's day, when the French government, supposing that a satisfactory settlement had been reached, received with the usual honors of the new year's day reception at Paris the minister from Venezuela, only to learn that President Castro had refused to do likewise with M. Taigny at Caracas. This omission touched the pride of the French government, who felt it had been made the victim of double dealing and deceit, which fact the French ambassador at Washington was not slow to communicate to this government. Mr. Russell reported his failure to effect a settlement, thereby making himself unpopular in Caracas, and then came notice from the French government that diplomatic relations with Venezuela were completely severed.

There is a hint of punitive measures on the part of France, and the situation is regarded officially as very unpleasant, with possibilities of serious consequences.

BEGINS HER LONG TERM.

Mrs. Chadwick Behind the Bars in Ohio Penitentiary.

Columbus, O., Jan. 13.—Mrs. Cassie L. Chadwick arrived at the penitentiary during the day from Cleveland to begin a sentence of ten years for conspiracy to wreck the Citizens' National bank at Oberlin, O. The woman was taken through the baggage room to the underground waiting room at the Union station and driven quickly to the prison. Ten policemen kept the large crowd back and three policemen escorted the woman to the carriage.

Mrs. Chadwick was in charge of United States Marshal Chandler and Deputy Fleming.

No special preparations were made in the woman's department for the reception of the woman. She will be compelled to sleep on a cot in the corridor of the prison, as the woman's department is filled and every bed occupied.

The prison officials are firm in the belief that Mrs. Chadwick is Madame Devere.

Severe Storm on the Pacific.

Seattle, Wash., Jan. 13.—A severe storm is reported to be sweeping along the section of the Pacific coast from the Columbia river north as far as Dixon's entrance, Alaska.

POSTPONEMENT SECURED.

Ruling Against Standard Oil Magnate Delayed.

New York, Jan. 13.—Before Justice Gildersleeve in the New York supreme court during the day, counsel for H. H. Rogers of the Standard Oil company were successful in securing postponement for a day of the ruling against Mr. Rogers to show cause why he should not be compelled to answer certain questions asked by Attorney General Herbert S. Hadley of Missouri in the hearing in this city.

Mr. Hadley, through counsel, strongly opposed the postponement on the plea that it was necessary for Mr. Hadley to close the hearing in order that he might meet court engagements in the West. The delay was secured through a plea that one of Mr. Rogers' counsel had a case on hearing in another court.

Attorney General Hadley resumed the hearing before Commissioner Sanborn during the afternoon and A. V. Jockel, formerly of the Standard Oil company and later with the Waters-Pierce company in Oklahoma City, was again called as a witness. He refused to answer a question asked by one of the oil company's attorneys. He said he did so on advice of counsel and added:

"I've got the habit, too." After the hearing in court in the morning in the Rogers matter the hearing before the commissioner will be resumed and concluded during the afternoon or evening.

MANAGE TO REACH THE SHORE.

Twenty-seven in Danger on Board Dredge and Lighters.

San Francisco, Jan. 13.—Struggling desperately all night against the terrific Southwest gale that swept upon the coast during the afternoon, the tug Sea Rover clung to a dredge and two lighters upon which were thirty-five workmen bound for San Pedro until it was beaten back in the seething breakers on Duxbury reef and was compelled to abandon the unwieldy craft and their human freight to their fate.

Before leaving her charges, however, the Sea Rover succeeded in saving eight of the men on the barges, several of whom jumped into the sea and swam to the tug. One or two were seriously injured. The other twenty-seven men succeeded in reaching the shore of Colinas bay in the small boats which were carried on the dredges and lighters. The Sea Rover returned during the day to the scene of the accident in an attempt to save from a total loss the dredges, valued at \$100,000, and the lighters, each of which is worth from \$15,000 to \$20,000.

When the Sea Rover reached here assistance was promptly sent to those in distress.

FOOTBALL COMMITTEES MERGE.

Will Work to Eradicate Undesirable Features of the Game.

New York, Jan. 13.—A move, which is taken to mean much toward establishing intercollegiate football on a higher plane than it hitherto has occupied and effecting a reform in the more undesirable details of the sport, was made here at night when the old football rules committee voted to amalgamate with the new committee appointed by the so-called "reform conference" recently held in this city.

When the consolidation was perfected it was decided that Walter Camp of Yale should edit the new rules. Mr. Camp was a member of the old committee. L. C. E. Dennis of Cornell was elected chairman of the newly formed joint committee, and W. T. Reid, Jr., of Harvard was chosen secretary, it having been agreed that the chairman should come from the old committee and the secretary from the new.

ONE KILLED AND FIVE HURT.

Bobsled Crashes Into a Horse and Cutter.

Traverse City, Mich., Jan. 13.—Benjamin Robertson was killed here at night and five friends with whom he was coasting down a steep ice-coated hill were injured when Robertson's bob crashed with terrific momentum into a horse and cutter which crossed in front of the flying coasting party of seven young men and women. The injured are:

Miss Madge Strangways, John Ashton, Miss Julia Kelly, Don Cameron and Miss Corlaine Silvers

Jay Smith, the only member of the party to escape injury, landed in a snowbank unhurt.

Neither Richard Winne, the driver of the cutter, nor his horse, was hurt, but the terrified animal trampled several of the coasters, who might otherwise have escaped injury.

AGAINST GAYNOR AND GREENE.

Two Decisions Rendered by a Georgia Court.

Savannah, Ga., Jan. 13.—There were two important developments in the trial of the Greene and Gaynor case during the day. One of these was the adverse decision of Judge Speer on the pleas of defendants to the jurisdiction of the court; the other the order of the court overruling the demurrers of the defendants to indictment 371.

WORST IS NOW OVER

CRITICAL CONDITIONS PREVAILED

IN SIBERIA DURING THE RECENT STRIKE.

MANY KILLED OR INJURED

COSSACKS USE GUNS ON A SEMINARY FROM WHICH BOMBS WERE THROWN.

St. Petersburg, Jan. 13.—The first advices received from Siberia after the restoration of telegraphic communication show that the most critical conditions prevailed there during the recent strike, but that now with the arrival of reliable troops from Manchuria the worst is over. Owing to the interruption of communication the local governors were not aware that authority to declare martial law had been conferred upon them by the emperor's ukase. The paltry military forces at their disposal were in open sympathy with the strikers and many of them were revolutionists, thus preventing energetic measures being taken to restore the imperial authority, which was practically nonexistent for many days.

Divisions under General Sukhotin have now arrived and taken possession of Irkutsk, Omsk, Krasnoyarsk and other towns and are arresting the leaders of the insurgents and disarming the unreliable troops.

The first telegram arriving from Irkutsk was a frantic appeal from the financial agent there for some one to take over the administration of the city, the viceroy, the chief of police and all other officials having been killed or wounded during the insurrection. He reported that for several days the revolutionists were in control of the entire town except the administration building and this was only held because of the devotion of the military school, who swore on the colors to fight to the death against the revolutionists.

Krasnoyarsk also was for several days in the hands of insurgents, who elected a revolutionary government and exacted an oath of allegiance from all citizens.

SHELLED BY ARTILLERY.

Russian Troops Demolish an Armenian Seminary.

Tiflis, Caucasus, Jan. 13.—Nearly 350 persons were killed or injured as an outcome of an attack made by Cossacks on the Armenian seminary here, following the throwing of two bombs from that institution at a passing patrol. Four Cossacks were wounded and a boy was killed by the explosion of the bombs. Artillery was immediately called and the seminary was surrounded and shelled. The building soon burst into flames and the bombs and cartridges stored therein exploded. Thirty-three persons perished during the fire, while 300 were injured by fire or wounded by shells.

The troops subsequently shelled another Armenian house where bombs and weapons were hidden and killed eight revolutionists.

STRIKE FOR A SINGLE DAY.

Method by Which Russians Will Honor Memory of Red Sunday.

St. Petersburg, Jan. 13.—The workmen's council, after consultation with the leaders of the other proletarian organizations, decided that the celebration of the anniversary of Jan. 22 (Red Sunday) should take the form of a general pacific strike for a single day. Delegates were appointed to go to France, Germany and England as well as other places abroad for the purpose of thanking the workers of those countries who propose to join in a general observance of the anniversary.

BIG FIRE IN PANAMA.

Two Blocks Inhabited by the Poorer Classes Destroyed.

Panama, Jan. 13.—The biggest fire that has occurred here in three years during the day burned two blocks inhabited by the poorer classes. There is much indignation against the sanitary department, as according to current reports the fire was caused by the carelessness of employees of that department in fumigating the house where the flames started. The buildings burned include two public schools and an orphan asylum.

Will Support Roosevelt.

Milwaukee, Jan. 13.—The National League of Commission Merchants at the closing business session here adopted a resolution addressed to President Roosevelt pledging support in his efforts for abatement of transportation evils. E. T. Wagner of Chicago was elected president of the league.

The White Sale

A great amount of bargains in ever line of "white" which will not be equaled before or after this sale. Laces, embroideries, flouncings, sheetings and all goods of this nature. We have been months making selections and we know the showing will be a satisfactory one.

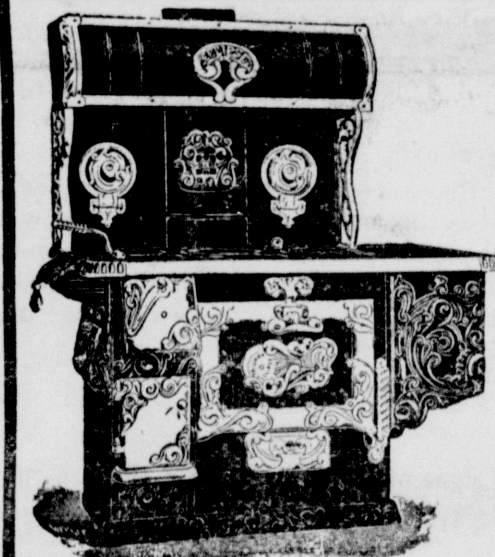

Then too, those who want to buy the finer goods will have every opportunity to do so as our showing will be a most gorgeous one.

We will begin this sale on January 19nd. Would like to begin earlier but cannot and make the showing we want to make. The waiting will be worth the while.

Every Coat in the house will be sold. Have you one to buy?

We have a few to sell which are splendid styles and which will be sold at a surprising low figure. If the phrase "regardless of cost" was not so hackneyed we might employ it to express ourselves. However, we are selling coats for less than you will expect us to. You know what that means when we say it do you not? Come and see the bargains.

You can't build up a town by continually having your hammer out, and the people who live in it are the ones who make or break it. Just push.

The Minnesota editorial association will meet in Minneapolis Feb. 15 and 16. Several candidates for governor will be placed in the field about that date.

The newspapers of St. Cloud are having more trouble over the recent order of the mayor in regard to saloons in that city than the mayor is himself.

The president of these United States is now a full fledged member of the Improved Order of Red Men, the degree having been conferred on him Thursday in his private office at the white house.

A SYSTEM of wireless telegraphy is to be established between St. Paul, Duluth, Minneapolis and other cities of the state, so it is reported, which is expected to reduce the rate of communication about 20 per cent.

The state game and fish commission has issued more licenses for the privilege of catching white fish and for fish houses this season than in any former year, 769 licenses for the latter purpose having been granted.

The postage item in connection with the Modern Woodmen is said to be larger than any similar institution in the world, over \$20,000 a year being necessary for this purpose, or a larger sum by several thousand dollars than is spent by the entire population of Brainerd for postage stamps and stamped paper.

The late unpleasantness between Japan and Russia has cost the latter government one billion and fifty million dollars in round numbers, and in order to meet the year's expenditures a loan of two hundred and forty million of dollars will have to be made. It costs considerable money to finance a good sized war.

The life Cassie Chadwick will have to lead in the Ohio penitentiary will be quite a change to her and possibly not to her liking. A drop from a society leader accustomed to every luxury that money could buy to a scrub woman with a wash tub continually staring her in the face is liable to make her think that life is hardly worth living.

The Glencoe Enterprise suggests that the farmers living along the rural routes leading out of that city occasionally donate a sack of oats to the rural carriers because they are underpaid by the government for the services they perform. Why not start a movement to have their pay increased by the government to that point where they will be able to buy their own oats—and there is no question but that they are at least not overpaid.

CHANGE FOR THE WORSE.

Said to Have Occurred in the Illness of Marshall Field.

New York, Jan. 13.—A rumor that the condition of Marshall Field of Chicago, who is ill at a hotel in this city, had undergone a sudden change for the worse during the day was heightened by the arrival from Chicago of Dr. Frank Billings, Mr. Field's family physician.

Dr. Billings was in consultation during the day with the local physicians who have been attending the patient and at night he declared Mr. Field's condition had undergone no change. The physicians were not inclined to be communicative.

YOUNG CORBETT DEFEATED.

Herrera Wins an Easy Victory Over Former Champion.

Los Angeles, Cal., Jan. 13.—Aurelio Herrera of Bakersfield, Cal., knocked out Young Corbett in the fifth round at night at the Pacific Athletic club pavilion. Herrera's victory was easy and Corbett's exhibition was correspondingly disappointing. He lacked the vim and dash that won so many battles for him and his once forceful blows failed to inflict any damage upon his opponent.

The fight came near ending in the first round, when Herrera caught Corbett on the jaw with left and right in quick succession and sent him staggering against the ropes, but over-anxiety to land the finishing blow caused him to swing wildly and Corbett quickly gathered his wits and stalled off defeat for the time being. In the fourth Corbett showed a brief burst of his old-time speed, twice forcing Herrera against the ropes and landing with both hands. Early in the fifth round Herrera started in, countering solidly with his right on Corbett's jaw and the Denver boy staggered. Quick as a flash the Californian was upon him and with a series of rights and lefts sent him to the floor. Corbett got up immediately but again went down from a right swing on the side of the head. He struggled to his feet at the count of six and tried to clinch. Herrera pushed him against the ropes and, setting himself, swung a vicious right flush to the jaw. Corbett fell upon his face and lay in that position until he was counted out. He was carried to his corner and it required five minutes' work by his seconds to bring him around.

There was much betting on the fight. At first the odds were 10 to 9 in Corbett's favor, but at night there was no Corbett money in sight at 10 to 9 with Herrera favorite.

DARING ROBBERY IN A BANK.

Satchel Containing Over Three Thousand Dollars Taken.

Newark, N. J., Jan. 13.—A daring robbery took place during the day in the National Banking company's office when a satchel containing several thousand dollars disappeared from a counter while the man who had just drawn the money turned for a minute to speak with a friend. Both he and his friend say they saw no one approach the spot where the satchel had been placed. The police have no clue.

Lebaney Dennis, secretary of a stone works concern, went into the bank about noon to draw \$3,150 for the weekly payroll. He deposited the money in a satchel, but as he started to leave he met a friend and placed the satchel on the check shelf and then turned to his acquaintance. When he looked for the satchel a few moments later it was gone. The bank is less than 100 yards from police headquarters. The police were promptly notified and a general alarm was sent out. It is the theory of the police that some one who had seen Dennis receive the money and count it, waited until he set it down and then walked hurriedly to the door of the bank, taking the bag as he went. The bag was found in a hallway at 204 Market street.

QUEER OPERATION NEAR PULP MILL

Five or Six Test Pits Being Put Down as Though Trying Water Supply

GOOD FLOW OF PURE WATER

Is Found, but no One Seems to Know who is Doing the Work There

Some eight or ten men with a small steam pump and drilling apparatus are doing considerable work just south of the Northwest Paper company pulp mill at the dam, and so far no one has been able to ascertain who is responsible for the work or what it is being done for.

From the nature of things, however, it is presumed that the work is being done by someone interested in a water works plant here and it would seem as

though they were testing the water there as to its purity and quantity.

Five or six test pits have been sunk and the water from these are being run into another pit from which there is about a two-inch pipe and from this flows a good stream of pure spring water. It was reported that the work was being done at the instance of President Tighe, of the Minnesota Water Works company, but no information along this line could be gleaned at the local office, and no one at the pulp mill appeared to know much about it.

May Live 100 Years.
The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of chronic dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure stomach and liver diseases, blood disorders, general debility and bodily weakness. Sold on a guarantee at H. P. Dunn & Co.'s drug store. Price only 50c.

WILL WRITE BOOK

Northern Pacific Pioneers Plan to Record History of Work of This Great Line

As a result of the Northern Pacific pioneers' dinner at the Minneapolis club Wednesday night, an interesting book of incidents and reminiscences of the building days of the road will be prepared by those who had an active part in the work. Many interesting incidents that have never been recorded and were almost forgotten in the rush of succeeding years were recalled during the gathering. In future years when the country through which these pioneers ran their lines is still further developed, all these incidents of the early civilized history of the country will be valuable and interesting.

The book idea was adopted Thursday by thirty of the pioneers while at lunch at the Minnesota club in St. Paul. The work will be systematically arranged and carried out, each part of it being prepared by those who are best fitted for it. There will be much material of real value collected beside the interesting incidents of the building. The

nature of the country and other information of real value that has never been covered in a thorough manner will be included in the work.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn. "She was so wasted by coughing up puss from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and \$1.00 at H. P. Dunn & Co., druggists. Trial bottle free.

MUSIC AND DRAMA.

"THE COLLEGE WIDOW"

"The College Widow" which comes to the Brainerd opera house soon, is said to be without a dull or irrelevant moment. Satirizing, as does, life in an inland college town, its humor is not merely local, but of that broad, understandable sort that appears generally. It is a continuous laugh from curtain to curtain, and its pronounced New York and Chicago hit has been signally approved on its tour of other cities. Henry W. Savage has given this comedy masterpiece of George Ade the benefit of carefully selected players, the company including Dorothy Tennant, Adeline Dunlap, Katherine Nugent, Lida McMillan, Elsa Payne, Mildred St. Pierre, Frederick Truesdell, Neil Moran, Walter Walker, Daniel Baker, George Ober, Raymond Chase, Edgar Halstead, Lawrence Wheat, Hale Norcross, Otis Turner, Ernest B. Carr and a score of others.

HARALD HEIDE

On his first appearance in America

the critics of the New York Musical Courier, the greatest musical journal in the world, spoke of Harald Heide as follows:

"Harald Heide, a Norwegian violinist, greatly surprised a critical audience by his artistic interpretation of Grieg's sonata, op. 45, c minor, at a benefit concert for the New York Surgical hospital, in the Waldorf-Astoria, last Wednesday evening. This technic and breadth of tone were further shown in his playing of Sarasate's 'Romauza Andaluza,' and Schubert—Wilhelmi 'Ave Maria.'"

Mr. Heide realizes that he has yet to prove himself in this country, and therefore endeavors to appear in most large cities introducing himself to music lovers. He will be in Brainerd January 19 at the Norwegian-Danish Lutheran church.

RESIGNS PRESIDENCY

GENERAL MORALES OF SANTO DO-
MINGO DECIDES TO LEAVE
THE ISLAND.

CACERES NOW IN CONTROL

CHANGE IN GOVERNMENT DOES
NOT IMPERIL THE TREATY
NEGOTIATIONS.

San Domingo, Jan. 13.—The fugitive
president, Morales, has sought refuge
in the American legation here.

General Morales' resignation as
president of Santo Domingo was
tendered and accepted later in the day.
He will leave this city on board the
United States gunboat Dubuque, bound
for Porto Rico. The former president
will be accompanied by Enrique Jimenez.

Vice President Caceres, who has
been acting president since the time
General Morales fled from the capital,
is now, according to the constitution,
president of Santo Domingo.

The change in the government does
not imperil the negotiations for a
treaty between Santo Domingo and
the United States.

General Caceres is favorably in-
clined towards the ratification of the
agreement reached.

General Morales, it is said, was re-
cently hidden in a cave, nursing his
wounded leg. He is now helpless and
in the hands of his medical attendants.

ARRIVE AT SAN FRANCISCO.

Imperial Chinese Commissioners Wel-
comed to America.

San Francisco, Jan. 13.—The steam-
er Siberia arrived from the Orient dur-
ing the day having on board the Chi-
nese imperial commissioners, Tuan
Fang and Tai Hung Tzu, with their
subordinates and suites, sixty-two per-
sons in all. They have crossed the
Pacific to study the political and so-
cial institutions of the United States
and Europe and this government has
received them in a kindly spirit.

Heading the reception committee
was Professor W. J. Jenks of Cornell
university, who came here as the per-
sonal representative of President
Roosevelt. The Chinese officials were
cordially greeted and after the steam-
er had passed the quarantine station
were landed and escorted to their
hotel.

Elaborate arrangements have been
made for their entertainment while
here.

VOTE ON PHILIPPINE BILL.

House Expected to Dispose of the
Measure Soon.

Washington, Jan. 13.—Interest was
injected into the Philippine tariff de-
bate in the house during the day by a
Massachusetts "idea" tariff exposition
by Mr. McCall of that state; by a
character study of the Filipino by Mr.
Longworth of Ohio, and by a defense
of President Roosevelt by Mr. Poy, a
Democrat from North Carolina. Be-
sides these there were a number of
speeches delivered on the Philippine
bill, nearly all in opposition to the
measure. During the day agreement
was reached whereby debate is to con-
tinue for two days longer. The house
is to close general debate on Monday.
The measure will be taken up for
amendment under the five-minute rule
on Tuesday and doubtless disposed of
on that day.

TO AN ENORMOUS EXTENT.

Forgeries of Bonds Found to Exist at
Cleveland.

Cleveland, Jan. 13.—The committee
in charge of the investigation of the
affairs of Denison, Prior & Co. met
during the day and after the meeting
announced that the facts disclosed
justified them in stating that it is their
belief that forgeries to the extent of
several hundred thousand dollars exist
and are confined to the following three
issues of bonds: City of Canton, O.,
4 per cent waterworks extension
bonds; South Sharon, Pa., 4 1/2 per cent
improvement bonds, and Alpena, Mich.,
5 per cent waterworks bonds. Now
that the accountants are becoming
more familiar with the bookkeeping
system, the work is progressing more
rapidly, and it is hoped that within a
few days a definite conclusion can be
reached.

BIGELOW WILL TESTIFY.

Sets Date for His Appearance Before
Senate Committee.

Washington, Jan. 13.—Poultny Bige-
low has notified the committee on In-
ter-oceanic canals of the senate that
he will appear before the committee at
10:30 next Tuesday morning to testify
regarding canal conditions.

Former Auditor Arrested.

Indianapolis, Jan. 13.—David E.
Sherrick, former auditor of state, was
arrested during the day on two addi-
tional indictments, charging him with
embezzlement and conspiracy to com-
mit a felony. The trial of Mr. Sher-
rick has been set for Feb. 5. Bond
was given in the sum of \$10,000.

Fight Ends in a Draw.

San Francisco, Jan. 13.—Willie
Lewis and Willie Fitzgerald fought
twenty-five rounds to a draw at Colma.

STAY OF EXECUTION REFUSED

Three Americans in Mexico May Be
Shot.

El Paso, Tex., Jan. 13.—The su-
preme court of Mexico, according to
information received here, has de-
clined to grant a stay of execution in
the case of the three Americans, Mas-
ton, Richardson and Harl, recently
sentenced at Chihuahua to be shot for
murdering people in order to secure
the insurance on their lives. Execu-
tive clemency will now be asked.

BOLD DAYLIGHT ROBBERY.

Six Men Loot an East St. Louis Store
But Fail to Get Away.

East St. Louis, Ill., Jan. 13.—Six
men drove two wagons up to the gen-
eral store of Halifax & Lewis during
the afternoon, knocked down John
Halifax and guarded him with a knife
while the store was looted and con-
siderable stock loaded into the wa-
gons. The six escaped but were pur-
sued and arrested. They gave their
names as James Gallagher, John S.
Sweeney, Conrad Hart, Frank Fitz-
gerald, Oliver Stearns and William
T. Miller, and refused to discuss the
robbery.

Victim of Fire Improves.

Minneapolis, Jan. 13.—The condition
of W. S. Anden, superintendent of the
Minneapolis and Northern Elevator
company, who was seriously burned in
the fire at the West hotel, is reported
to be somewhat improved and the
physicians are now hopeful of saving
his life.

CATARH CANCER BE CURED

with LOCAL APPLICATIONS, as they cannot
reach the seat of the disease. Catarrh is a blood
or constitutional disease, and in order to cure it
you must take internal remedies. Hall's Catarrh
Cure is taken internally, and acts directly on the
blood and mucous surfaces. Hall's Catarrh
Cure is not a quack medicine. It was prescribed
by one of the best physicians in this country for
years and is a regular prescription. It is com-
posed of the best, tonic known, combined with
the best blood purifiers, acting directly on the
mucous surfaces. The perfect combination of
the two ingredients is what produces such won-
derful results in curing Catarrh. Send for testi-

DISTRIBUTION IS DELAYED.

Unfavorable Weather Affects Heavy
Wearing Apparel.

New York, Jan. 13.—Bradstreet's
weekly review of trade says though un-
favorable weather conditions have de-
layed distribution of the heavy wear-
ing apparel, autumn-like conditions by
favoring outdoor operations prolong
demand for building material and pre-
vent cessation of labor at a period
when there is always more or less en-
forced idleness. Mining lines, par-
ticularly iron and steel, machinery and
inter-related industries are active as
heretofore and the outlook for 1906
grows even more promising, while the
general tendency is for prices of
finished products to advance. Clear-
ance sales rule in retail lines, but it
is noteworthy that orders on spring
account are of large proportions, that
prompt shipments are being demand-
ed and that the season promises to
open three weeks before the usual
date. Incidentally annual inventories,
now virtually completed, make excep-
tional showings, thus corroborating
earlier reports of a heavier turnover
in 1905. Commodity prices on the
whole have reached a record level,
though food stuffs range somewhat
lower than manufactured products.

HOTEL BADLY DAMAGED.

Largest Hostelry in Montreal Suffers
Heavy Loss by Fire.

Montreal, Que., Jan. 13.—A section
of the Windsor hotel was destroyed by
fire at night, causing a loss estimated
at \$150,000. The remainder of the ho-
tel, which is one of the largest in Can-
ada, was saved by heavy brick walls
and fireproof doors, which confined
the flames to the section where they
originated.

The fire started in the kitchen and
destroyed the center square, which in-
cluded the diningroom, grillroom, bar
and other public rooms.
The guests had plenty of time to re-
move their belongings and at no time
was there anything like a panic. Man-
ager Weldon and Steward Dunn were
injured. Their clothing caught fire
and a heavy beam fell upon Mr. Wel-
don. Both will recover.

SEVERAL FIREMEN INJURED.

Costly Blaze in a Building Used for
Storing Oil.

New York, Jan. 13.—Fire at night
in a building in Water street, owned
by Chamberlain & Co., representa-
tive of the New York Lubricating Oil
company, resulted in damage estimat-
ed at \$100,000. A large quantity of
lubricating oil stored in the building
made the blaze stubborn and danger-
ous. When the roof and a portion of
the front wall fell several firemen
were slightly injured.

Sunday Law Constitutional.

St. Paul, Jan. 13.—Chapter 362 of
the Laws of 1903, prohibiting the pub-
lic traffic in certain articles of mer-
chandise on Sunday, is constitutional
and affects all residents of the state
regardless of nationality or religious
belief, according to the supreme court
in an opinion handed down in the case
of State of Minnesota vs. M. A. Welas,
a Minneapolis grocer charged with

Pulmonary Consumption.

My wife has been troubled with weak
lungs and was pronounced to be in the
last stages of pulmonary consumption.
She commenced taking White Wine of
Tar and received relief at once and is
now using the fourth bottle and her
health is better than for many years.
We cheerfully recommend it to all.

EDITORIAL ENDORSEMENT

"The readers of the A. O. U. W.
Guide who may be afflicted with rheu-
matism are hereby informed that we
have used this remedy, 6088, in our
family for two years; that a single
bottle cured rheumatism of the arm of
six months' standing, and rheumatism
of the feet of a year's standing, after
experimenting with several regular
prescriptions and receiving no relief."
